BOERS LOSE AGAIN.

They Retreat at Warrenton from
the British Shells.

NO RELIEF AS YET.

Mafeking Is Still Held Hard and Fast
by the Boers—President Steyn's
Parting Words to the Transvaal.

London, March 21.—The only news from South Africa this morning showing activity on either side, comes from Warrenton, north of Kimberley, where desultory fighting occurred on Sunday, resulting in a retreat of the Boers toward Christiana under shell fire. The progress of this column towards Mafeking has either almost ceased or is forbidden to be mentioned in the dispatches. Nothing new comes from Colonel Plumer, and Mafeking apparently still awaits relief.

Pretoria account of the skirmish at Fourteen streams on March 16 says the Boer command was preparing to destroy the railroad bridge and that an engagement lasted half an hour with the result that one bugler was wounded. The same dispatches announce the arrival at the Transvaal capital of General Schalkburger from Natal.

The Times publishes a dispatch from Bloemfontein, dated Monday, which says the blowing up of the bridges by the Boers is an evident sign the Transvaalers intend to abandon the defense of the Free State.

All is quiet in the south and west.

A corps of young Boers from the farms surrounding Bloemfontein under an imperial officer have been detailed for police work and to prevent further looting of abandoned farms by Kaffirs.

It is said when President Kruger left Bloemfontein after a recent visit there, President Steyn's parting remark was: "Mind the British do not catch you or you'll get better quarters at St. Helena than I."

The Boers at Aliwal North are reported to still be holding a position in the big hills on the Free State side.

From a Pretoria dispatch it appears some misunderstanding in regard to Salisbury's reply to America's offer of mediation exists there. It has been quoted to the effect that Salisbury said he could accept the intervention of no other power, which leads to the belief that American representations will be listened to in the final settlement.

Switzerland Declines.

Berne, Switzerland, March 21.—The federal council answered the Boers appeal for mediation as follows: "The Swiss federal council would have been pleased to have cooperated in a friendly mediation in order to end further bloodshed, but as the presidents of both the South African republics have directly approached the British government in order to conclude peace on the basis indicated, and the British government has shown itself against the proposal, and as, furthermore, the British government declared to the cabinet at Washington that it did not propose to accept the intervention of any power, the Swiss federal council, to its regret, must also renounce the idea of taking any steps on the lines of request made by the presidents of the South African republics. There remains for the federal council, under the circumstances, nothing but to express its sincere wish that the belligerents will have succeeded at no distant date in finding a basis for an understanding honorable to both parties."

Galena Depot Robbed.

Joplin, Mo., March 21.—For the third time within the past month a Kansas City, Fort Scott and Memphis railway depot has been robbed in the mining district. The depot at Galena, Kan., was the victim. Dynamite was used to blow open the safe and the robbers escaped with its contents, consisting of considerable money, stamps, etc. A month ago the Memphis depot at Joplin was robbed, and a week ago the Memphis depot at Aurora met the same fate. Besides these robberies there has been two postoffice robberies in the mining district lately.

Damages for Slander.

Chicago, March 21.—Mrs. Clara Merrill of Roanoke, Va., was awarded a verdict of \$1500 damages against C. H. Marshall, former president of the Travelers' Preferred Association for alleged slander. Mrs. Merrill is the wife of C. H. Merrill, at one time a prominent railroad man of Chicago. She held an accident policy in the policy in the company and sought to obtain money on it. Mr. Marshall is alleged to have charged her with conspiring with her husband.

Fruit Experiment Station.

Hartsville, Mo., March 21.—Work on the Missouri fruit experimental station grounds, located by Governor Stephens' commissioners near Mountain Grove, has been commenced. All the timber and underbrush will be cut off the 10-acre tract, upon which will be erected four buildings. Two hundred

acres will be utilized in experimenting with the fruits of every section of the state.

Immigrants for Texas.

Texarkana, March 21.—One hundred families of immigrants, of the farming element, were landed here by the Cotton Belt railroad, destined to points in Texas. They came from the southeastern states, and upon their arrival here divided up into smaller bands, taking different routes out of Texarkana, westward bound.

GALVESTON CROWDED.

Thousands There to See the Texas and the New York.

Galveston, March 21.—Fully 10,000 visitors are in town to see the warships. Hotels and boardinghouses are overrun and private accommodations are strained. Thousands have visited the ships. There were numerous complaints because of

BATTLESHIP TEXAS.

the sale of tickets by agents passing through the crowds, resulting in the boats being oversold and causing visitors to wait for subsequent trips. Nearly \$2000 in fines was assessed against agents for overloading.

Admiral Farquhar and officers of the ships were given a public reception at the cotton exchange Tuesday evening, and later they were entertained at a

THE NEW YORK.

smoker by the Galveston quartette society.

The gunboat Machias has joined the New York and Texas here.

New Mode of Swindling.

Nacogdoches, Tex., March 21.—A mercantile firm in this town was very much surprised by the receipt of invoices of goods bought from four houses in St. Louis, of which purchase the firm knew nothing. On wiring inquiry the information was given that the goods were sold to the firm's buyer, giving his name, and stating that these wholesale houses had also cashed his drafts on this firm, one for \$15 and another for \$30. The invoices received so far amount to about \$500. This may not be all. The several firms involved were notified by wire that these purchases were wholly unauthorized.

Distress Prevails in Puerto Rico.

San Juan, March 21.—General Davis is in constant receipt of telegrams from the various towns of the island begging him to use his influence with the United States congress for a speedy settlement of the questions now in controversy. Demonstrations occurred at many points similar to the large gathering headed by the San Juan Chamber of Commerce, which presented the petition to the governor general for a redress of grievances.

Sentence of a Broker.

Chicago, March 21.—Richard Oliver, a broker, pleaded guilty in the United States district court here to the charge of having used the mails to defraud country people by means of a so-called "get rich quick" scheme. Judge Kohlstedt imposed a fine of \$1000 on him and ordered him to refund the money which amounted to nearly \$5000 which he had received from his victims.

Farmer Found Dying.

Paris, March 21.—J. J. Bauer, a farmer between Cooper and Chaney, in Delta county, was discovered by a tenant Sunday morning in an unconscious condition. He was an unmarried man and lived alone. The tenant went for help, but when he returned Bauer was dead. Death is supposed to have been due to heart disease. The deceased was a German, and had no known relatives.

General Shaw Welcomed.

Waco, March 21.—When General Albert D. Shaw, the commander-in-chief of the national Grand Army of the Republic, and his party reached this city yesterday afternoon a considerable concourse of citizens of Dublin and Waco were on the platform to meet the distinguished visitors. The train left here for Dublin, where a great banquet was served with several hundred covers.

Increased Appropriation.

Washington, March 21.—The senate committee on appropriations reported back the urgent deficiency appropriation bill increasing the appropriations by the bill to the extent of \$79144 and making a grand total of \$1,543,724. The principal item of increase is \$35,000 for senate expenses. Another item of increase is \$20,000 for gauging the streams of the United States.

FOR ALDERMAN.

The Eagle is authorized to announce
E. J. FOUNTAIN

as a candidate for alderman of Bryan at ensuing city election in April.

FOR CONGRESS.

Hon. T. S. Henderson announces in The Eagle as a candidate for representative in Congress from this, the 7th congressional district.

"Tom Henderson" is a man who needs no introduction to the readers of the Eagle, but he is one of whom it is a pleasure to speak in words of commendation. He is a man who would reflect credit upon his district in Congress, and not only that, but one whose abilities would be noted in any legislative body, no matter who might be his compeers. He is a democrat true and faithful; a citizen honored in the past by his people and by the governor of the State to positions of trust and honor, and who always did well his part. In 1884, Mr. Henderson was elected district attorney for this judicial district, and after two terms retired from that position and has been a practicing attorney ever since. Governor Culbertson appointed him a regent of the University of Texas, and he has since held, by election of the board, the honorable position of chairman of the board of regents. Mr. Henderson has ever been a worker for the material interests of his town, (the city of Cameron) and his people, which is attested by his great popularity at home. All who have kept pace with his career find much in it to admire. He is of frank and open disposition, contending for what is right on a high plane of ethics, and eschewing the bad in everything. He is a plain, well balanced, cool-headed man of deep learning and marked ability, and Texas would have reason to be proud of Hon. T. S. Henderson as one of her team of representatives in the lower house of congress.

There are many reasons why the people of our county should consider well before turning down the claims of T. S. Henderson for their support.

CONGRESSIONAL CAMPAIGN.

Opened in Bryan by T. S. Henderson Tuesday Night.

Hon. T. S. Henderson, candidate for the position held by the Hon. R. A. Henry as representative of this district in congress, spoke to a large audience in the opera house Tuesday night, outlining his position, and stating his reasons for asking the support of the people.

Mr. Henderson is a good speaker, clear and forcible in his language, and had for his theme a subject which rendered his address highly entertaining.

The speaker supports the Chicago platform heartily; is an enthusiastic follower of Wm. J. Bryan and is thoroughly en rapport with his party.

He has some original ideas, however, on expansion, which he expounded at great length, quoting Jefferson and the history of the democratic party to prove that his position is the correct one. There is enough difference between his position and that of Mr. Henry to make their race an interesting one, and Mr. Henderson referred more than once to the probability of a joint discussion throughout the district, between himself and opponent.

The speaker's attention was given mainly to the discussion of the attitude of this country toward the late provinces of Spain, now held under treaty by this country. He favors the old democratic policy of expansion, believes we ought to have Porto Rico and Cuba too, if

the latter can be obtained honorably, but wants our acquisitions to be made upon the old democratic plan of annexation to full citizenship, after constitutional territorial progression. He believes an aggressive stand should be taken by democracy against the republican plan of holding conquered territory as colonies; declaring this to be the true shadow of "imperialism" which threatens this country.

The speech was well received throughout, and was frequently greeted with applause.

A Doll and Kite Show.

There will be a doll and kite show held at the residence of Mrs. D. C. DeMaret, who will be assisted by Mrs. F. Marion Law and Mrs. Geraldine Butler, on Saturday evening, March 24, from 2 till 6 p. m. Every girl and boy in the city is invited to bring her doll and his kite to be exhibited. There will be prizes given for the handsomest doll, the oldest doll, the best rag doll and the doll with the most neatly sewed clothes made by the owner. Also prizes for the largest kite, the smallest kite, the kite with the best tail and the most neatly made kite made by the owner. The dolls and kites must be sent to the residence of Mr. DeMaret on Friday, March 23, after school hours. The proceeds in aid of the Episcopal Church. 95

Democratic Call.

By authority in me vested as chairman of the democratic executive committee of Brazos county, I hereby call a meeting of said committee in my office in Bryan, Saturday, the 24th day of March, 1900, at 1:30 o'clock p. m., to consider such business as may come before it. Geo. R. Tabor, Chairman.

DEMURRER SUSTAINED

Judge Field Again Decides in Favor
of Governor Beckham.

DECISION NOT FINAL.

Two More Points to Be Passed Upon
Before Passing Out of Judge
Field's Hands—Appeal
to Higher Court

Louisville, March 21.—Judge Field has
sustained the demurrer of counsel for
Governor Beckham and granted the
motion to strike out certain parts of the
amended reply of the Republicans in the
consolidated gubernatorial contest suits.
With this went a judgment signed by
Judge Field, in conformity with this
decision and the former one, sustaining
the first demurrer and a motion to strike
out.

This judgment is interlocutory, not
final, and two questions of fact still re-
main to be passed on by Judge Field:
Was or was not, Governor Beckham of
the requisite constitutional age? Was
or was not Governor Goebel's death be-
fore or after the legislature had declared
him the legally elected governor of the
commonwealth?

When Judge Field passes on these two
points the next step will be an appeal by
the Republicans to the court of appeals.
Depositions covering the two points
mentioned are now being taken.

Colson Still Mum.

Frankfort, March 21.—County Prose-
cutor Polsgrove went to Lexington
today to meet Sergt. F. W. Golden,
who is said to be the most important
witness for the state in the trials of the
suspects held in connection with the
Goebel assassination. Ex-Congressman
David G. Colson, who is reputed to have
urged other suspects to confess and also
have rendered valuable aid to detectives,
is obeying the advice of his lawyers and
refuses to talk.

Ratified the Sale.

Kansas City, March 21.—The sale of
the Kansas City, Pittsburg and Gulf
railroad to the reorganization committee
has been approved by Judges Thayer
and Phillips of the Federal court. The
Arkansas Construction company through
T. E. Hill of New York and S. B. Ladd
of this city, protested against the con-
firmation of the sale, but were denied
even the right to file a petition to in-
tervene in the receivership case. The at-
torneys will appeal to the United States
supreme court in behalf of the Arkansas
Construction company, which has claims
against the Kansas City, Pittsburg and
Gulf for construction work amounting
to more than \$2,500,000.

Attempt to Murder a Judge.

Paris, March 21.—In the palace of
justice an attempt was made to murder
the presiding judge of the Fifth court
by a druggist named Bardin, who had
just lost a suit. The judges had just
taken their seats and a counsel in an-
other case had begun his speech, when
Bardin aimed a revolver and fired three
shots at the judge, who had a narrow
escape, the bullets grazing his head.
The municipal guards threw themselves
on Bardin and removed him to a cell,
while the judge, with perfect coolness,
said to the counsel: "You can continue,
maitre; it is nothing."

The Frick-Carnegie Suit.

Atlantic City, March 21.—Andrew Car-
negie, Henry Phipps, A. M. Moreland,
F. T. F. Lovejoy and Charles M. Schwab
are here and they are constantly in one
another's company. Mr. Phipps, Mr.
Moreland and Mr. Lovejoy, since the
Carnegie-Frick litigation started have
been supposed to be on the side of Mr.
Frick. The steel magnates are almost
constantly together but not one of them
can be induced to say what effect their
friendship and intimacy will have upon
the suits now pending in the Pittsburg
courts. A report is current that a truce
has been established between Messrs.
Carnegie and Frick.

Thirty People Injured.

Chicago, March 21.—Thirty employes
of the Blakely Printing company were
injured at 7 o'clock this morning by the
elevator falling from the third floor. The
following were most seriously injured:
George Hale, Albert Christian, Joseph
Hoffman, Albert Seifert, Ernst Heine,
James Delany, Walter Hartwig, Patrick
Foley, Edward Levi, James Thomas,
George Weikes, John Rambo, George
Hall, Edward Laville, Edward Wolf,
Edward King, Louis Stanton and George
Compton. The accident was caused by
the breaking of the engine in the base-
ment.

Free Rural Delivery.

Alvin, Tex., March 21.—The rural de-
livery was put on here last Thursday.
The circuit covers about 25 miles and is
a great convenience to the rural popu-
lation. Over 50 delivery boxes are already
set up and a number more will be in
place in a short time. This section is
particularly well arranged for conven-
ient delivery. The population is settled
around the city, reaching out from two
to four miles and a well arranged circuit
can pass very near each house in the
circuit.

Body of Mrs. Sommers Found.

Pekin, Ill., March 21.—The body of
Mrs. Lucy Sommers was found floating
in the Illinois river at East Peoria. Sun-
day morning, Jan. 7, she wandered away
from the home of her sister in Peoria, in
her night clothes, and no trace of her
was found. It is thought she was delir-
ious, caused by sickness, at the time she
wandered away. She had been in the
water just 10 weeks.

OSTEOPATHY.

What Some People Erroneously Think It to be, Contrasted with what It Really is.

In an article published in these columns, I have already outlined briefly what Osteopathy is. It would seem that this statement should render it unnecessary to tell "what Osteopathy is not," but such necessity, nevertheless, seems to have arisen.

In sections where Osteopathy has heretofore been introduced, it has been found that many people persist a long while in the supposition that the Osteopath and the "magnetic healer" have something in common. The Osteopath is sometimes incorrectly called "the rubbing doctor," and as that name is given also to various "faith cure" practitioners, etc., some confusion thereby arises. There is nothing supernatural about Osteopathy; it is an exact science, based on anatomy and a thorough knowledge of the human system in health and disease. It takes years of hard study in a well equipped institute, with a full corps of professors, to fit a person for the practice of healing the sick and afflicted through the science of Osteopathy. It is very far indeed from so-called "magnetic healing."

Another common error is to confound Osteopathy with massage. There is a great mistake made here also. Massage is based on sound principles, and in some cases may do good, but massage is an extremely limited and narrow branch of therapeutics as compared with Osteopathy, which embraces the entire field. Any ailment, the most complicated, any disease, the most deep-seated, if curable at all, is curable by Osteopathy. Many considered incurable by any other system, are curable by Osteopathy. Any fracture of the bones; any dislocation; any crippled condition; stiff joints; paralytic affections—any of these; if muscles, and tendons and nerves have not been destroyed by the knife or other adequate cause, are treated successfully by Osteopathy. People who had been on crutches for twenty years, and who had long lost hope or thought of recovery have by Osteopathy been made to walk and leap and run. This is so common in portions of this country where Osteopathy has had its most complete development that in those sections it has become commonplace, and no longer excites wonder. Is there anything in massage that compares with this?

Some cases come to us after having lost all reactive power. Such cases we cannot benefit, and we frankly tell them so.

I have never related, except casually to a friend, many of the wonderful cures I have known. The most unblushing frauds, quacks and fake-build up their nefarious practice by pointing to testimonials of the most wonderful cures. I could publish many remarkable testimonials, well authenticated, but I prefer to let results in my own practice, right before the eyes of this people, do that work for me. Osteopathy is doing some good work in Bryan, which I may be able to refer to later on. I am permitted now, by some of my patients, to refer inquirers to them.

Osteopathy is not mesmerism; it is not massage; it is not any little side issue of any other system. It is not a mushroom growth, a nine-days' wonder. It is a science and an art of healing without drugs or the knife. It is as broad in its application as the range of human infirmity. It is taught in a great institute at Kirksville, Mo., and at one each at Boston and Minneapolis. Hundreds of graduates are turned out every year.

DISEASES TREATED.

1. Eye, Ear and Throat. Persons having defective eyes will find this treatment remarkably efficacious. The results obtained justify us in asking you to investigate. This is accomplished without medication, instruments or pain. Granulated Lids, Weak Eyes, Astigmatism, Deafness and all throat trouble.
2. In eye, ear and throat work, Osteopathy has accomplished some wonderful things." (E. H. Pratt, M. D.)
3. Special attention given to throat troubles of singers and public speakers.
4. Heart and Lungs, Pneumonia, Incipient Consumption, Pleurisy, Irregularities of the Heart.
5. Liver and Kidneys, Bright's Disease, Diabetes, Jaundice, Torpid Liver, Gall Stones, Biliousness.
6. Bladder and Urethral Diseases. Stricture, Enlarged Prostate, Cystitis, Incontinence of Urine.

5. All Stomach and Intestinal Disorders, Catarrh of the Stomach or Bowels, Flatulency, Dyspepsia, Indigestion, Constipation, Piles, Flux, Dysentery, Fistula.

6. All Dislocations and Deformities, Hip and Joint Diseases, Spinal Curvatures, Dislocations and Sprains, Stiff Joints, Atrophy.

7. Nervous Diseases (so-called), Neurasthenia, Headache, St. Vitus' Dance, Sciatica, Insanity, Paralysis Agitans, Locomotor Ataxia, all forms of Neuralgia and Paralysis, Hay Fever.

8. General Diseases, Rheumatism, Asthma, Catarrh, Goitre, Eczema, Bronchitis, Wry Neck, Enlarged Tonsils, Loss of Voice, Cerebro-Spinal Meningitis, Milk Leg, Varicose Veins, Erysipelas, Scrofula, Cold Extremities, Dropsy, Malnutrition, Lumbago, Lagrippe, Fevers.

9. Diseases of Women, Irregular, Painful, Suppressed or Excessive Menstruation, Leucorrhoea, Prolapsus, Barrenness.

Osteopathy brings hope to the world for many for whom there has heretofore been none held out to rational thought. I represent it in Bryan, where I have come to make my home. I intend to act honestly and candidly with all, and do what good I can. I make no charge for examination and diagnosis.

LINCOLN PLATFORM.

It Pleases Senator Jones, but Displeases Mr. Dickinson.

Washington, March 21.—Ex-Postmaster General Don M. Dickinson said of the Nebraska Democratic platform:

"I had hoped that the Democratic party would be allowed to write its platform this year. When the Lincoln party begins by readopting the Chicago platform entire and then proceeds to reassert it in particulars, and we are given to understand that this platform is to be offered to the Democrats later on, perhaps we are to be disappointed."

Senator Jones of Arkansas, chairman of the national committee, said:

"I don't know why the newspapers should say that this is Mr. Bryan's platform, but I think it a very admirable expression of what Democrats all over the country are saying and thinking just now. The plank about the initiative and referendum is perhaps an exception. Within certain limits the referendum is a good thing. I don't believe, however, in submitting all kinds of legislation and all public questions to the popular vote."

"As to the plank about imperialism, I agree with the first two propositions. I believe in giving the Filipinos independence, but when it comes to protecting them from outside interference, as we have protected the republics of Central and South America, that is a subject which requires consideration. I don't think it practicable to extend the Monroe doctrine to the Philippines. Otherwise I regard the platform as a very happy expression of Democratic sentiment and strongly approve of it."

Bliss on Presidential Election.

New York, March 21.—Rev. W. D. P. Bliss the Christian Socialist leader, spoke Tuesday night before the Social club on "The Social Reform Movement in the West," and predicted the reelection of McKinley in consequence of an immense vote that the Social Democracy will, he feels sure, poll in the middle western states. Bryan, the lecturer believes, would get a tremendous majority in the far western states, but Debs would get an overwhelming vote in the middle western states and the east with the result that McKinley would be elected.

Gold Standard of India.

Calcutta, March 21.—In introducing the budget, financial member of the India council, Clinton Dawkins, alluded to the enormous flow of gold into India. He said it had been decided to coin an additional million silver rupees. In spite of famine, he added, the country had attained the gold standard through the continued closure of mints and the ordinary operations of trade without adding to the indebtedness of India and uncertainty in regard to the falling and changing of the rate of exchange having become a thing of the past.

An Editor Shot.

Tory, Kan., March 21.—Frank W. Elliott, editor of the Troy Times, a democratic weekly newspaper, was shot by an unknown assassin as he alighted from a Grand Island passenger train here at 11 o'clock Tuesday night. He was shot in the arm and side and painfully wounded. Mr. Elliott drew his own revolver and fired several shots at his assailant, but could not recognize him in the darkness. The attempted assassination has caused great excitement here and is traceable to politics.

Joint Commission to Meet.

Ottawa, Ont., March 21.—In the house of commons Sir Wilfred Laurier made the announcement that the Anglo-American joint high commission would reassemble at the date to be given out shortly and possibly Ottawa would be the scene of the conference. The premier added that he hoped in a few days to state the position of the various protocols.

For an International Dam.

Washington, March 20.—Among the bills introduced in the house Monday was one by Mr. Stephens of Texas for an international dam on the Rio Grande river to control the distribution of the river between the United States and Mexico.
